Cardiologists have been hesitant to prescribe extended-release dipyridamole and aspirin for stroke prevention in patients with cardiovascular disease because of concerns that this combination might increase the risk of cardiac events. Developing those connections could have helped explain why science was put to work for business during the late nineteenth century and why German companies invented synthetic indigo in the first place.

## **Business Studies A Level**

And the angel of the Lord spake unto me again, saying: Thus shall be the destruction of all nations, kindreds, tongues, and people, that shall fight against the twelve apostles of the Lamb.
